

Improving lives together

Low Secure Mental Health and Specialist Deaf Service for Women

Lower West,
Cygnnet Bury Dunes, North West

Accepting Referrals

Lower West at Cygnnet Bury Dunes is our 12 bed Low Secure Mental Health and Specialist Deaf service. Lower West offers individualised assessment, care and treatment of a wide range of mental disorders, alongside complex communication needs and supports both hearing and Deaf women.

The hospital team includes both Deaf and hearing professionals who provide expertise and resources to support the individuals in our care. Service users may have communication needs alongside a mental illness, autism, learning disability or personality disorder. We support them to participate safely and as fully as possible in their care to achieve outcomes required to be discharged from hospital and continue their care pathway successfully.

Female

18+ years

12 beds

Our service user profile:

- > Women aged 18+ years
- > Mental Health Act Status: Detained under civil or criminal justice section
- > Complex communication needs which may relate to deafness alongside mental illness, personality disorder or learning disability
- > May require inpatient care as a result of significant risk of aggression, absconding self-harm, suicide or vulnerability
- > May or may not have a forensic history

Our service at a glance

All of our Mental Health and Specialist Deaf services use a recovery model and support each service user to achieve realistic goals by:

- > Establishing and understanding their communication style, how it has developed and the factors that are likely to impact upon communication and behaviour
- > Understanding the psychological, social, emotional and developmental impacts for people that have experienced language deprivation
- > Determining what potential a person has to improve communication and identify strategies and coping mechanisms
- > Developing highly individualised and accessible packages of care, in line with the All About Me Deaf Recovery Package

A highly specialised multi-disciplinary team provides supports women on Lower West, including a registered consultant with over 10 years' experience within deaf services, access to a qualified speech and language therapist, and full in-house interpreting team.

We offer a total communication environment with care and treatment programmes that are tailored to each individual's needs. Our person-centred approach allows us to create bespoke care plans addressing both physical and mental health needs. The service has received national recognition for its pioneering work in making recovery and outcome-focused work meaningful and accessible.

All therapeutic programmes are adapted and delivered to make them meaningful and accessible based on individual language need. Service users have won national awards for service user involvement projects and coproduced the award-winning All About Me Deaf recovery package. The team on Lower West have experience in preparing complex aftercare packages to give each individual the best chance of success in the next stage of their recovery journey.

Cygnnet Bury Dunes is a major employer of Deaf staff which is vital to providing accessible and quality services. Our highly experienced and skilled interpreting team alongside a Deaf communication and translation specialist, support high quality care.
