

Improving lives together

Rehabilitation Service for Men with Mental Illness and a Secondary Diagnosis of Autism Spectrum Disorder (ASD)

Cygnets Adarna House, Bradford

Good

Now accepting referrals

Cygnets Adarna House is our rehabilitation service for men with mental illness and a secondary diagnosis of Autism Spectrum Disorder (ASD). Supporting 9 men, we provide a homely and community facing environment for individuals who are preparing for community life.

The service supports people to work on their independent living skills in a safe environment, treatments are provided by the multidisciplinary team (MDT).

The MDT works together with service users to provide a holistic, person-centred, comprehensive assessment and care and treatment plan. The team ensure individual's needs are met in a way that helps that each achieve stability and discharge to a less restrictive setting.

Male

18+ years

9 beds

Our service at a glance

Cygnets Adarna House is located in the suburbs of Wibsey in Bradford, the team focus on ensuring the individuals they support are part of their local community and can access education, employment and other opportunities to meet their needs. The service also benefits from great public transport links to local towns and cities including Bradford, Huddersfield, Leeds and Manchester.

We can also support men who are not actively showing signs of immediate risk, but who may need to develop their independent living skills, or require support with their mental health needs. Service users are supported to be actively involved in their own rehabilitation.

The team are highly experienced in supporting individuals with autism. All members of staff are trained in understanding autism and in how to create a supportive environment for everyone.

The service has an array of facilities, all of which provide a low stimulus environment for individuals who may be experiencing heightened feelings of agitation.
