Each apartment has its own bedroom, living and dining space, bathroom and kitchen. The ground floor apartments have their own garden as well as being able to share the larger communal garden with upstairs apartments.

Located down a quiet lane, just a 10 minute drive from the bustling town of Mansfield, the individuals supported at Cherry Tree House have access to a large and varied range of community facilities and activities, including cinemas, bowling and local events.

Ongoing assessment and a core staff team means that we are able to meet the changing needs of the people we support as they progress through their care pathway, while ensuring their safety is maintained and their independence is supported.

We ensure day-to-day practice is embedded in an overarching framework of support whereby the whole team around the person consciously takes into account the interaction, communication and flexibility of each individual we support.
